THE TIMBER QUEEN
Episode #9
"Horned Fury". ✓

It carries the hero and heroine to Argentina, on information which Ruth finds in the cavern from which Don rescues her that her father is living under surveillance of the conspirators in that far country. They are pursued thither by Cluxton and his henchmen, and their adventures are filled with new and exciting perils. Ruth escapes her captors by riding the favorite in a horse-race -- darting off the track and to the ranch where her father is held and where Don has been captured. Just before her arrival in a break neck feat of horsemanship., Don breaks away from his captors and runs, but is horrified to find himself pursued by a maddened bull. Flashes of Ruth's whirlwind approach strengthen the element of suspense with which the episode ends.
